

A new default Fund for the Aberdeen Asset Management GPP with AEGON

You will be aware that the Aberdeen Asset Management GPP Scheme governance committee reviews and maintains the exclusive funds available for Aberdeen employees under their AEGON policy.

Aberdeen is required to nominate a default fund into which new employees are automatically enrolled when they join Aberdeen initially. At the point of the commencement of Aberdeen's duties for auto enrolment in 2013 the default fund was the Aberdeen Life Multi-Asset Lifestyle Fund.

With effect from the 1st May 2017, there will be a new default fund for new members. This is a new fund – the SE Aberdeen Life Diversified Growth Lifestyle – launched in late April by AEGON.

Additional information on this new default fund can be found [here](#). Full details of the full AAM exclusive fund range can be found [here](#).

Whilst all new members will be enrolled into this fund, of course existing members can switch/pay future contributions into this fund, should they wish.

If you have registered for access to AEGON's '[Online Services](#)' you can make any switch online.

If you'd like more information about any of the funds, or are unsure about which fund(s) to invest in, you can contact Lemonade at AAM@lemonadereward.com.

Or you can write to them at:
